The
Lester
Prize

The inspiring power of portraiture.

The Lester Prize is a respected national portrait prize on par with Australia's esteemed art prizes.

The Prize has an outstanding reputation locally and nationally and receives strong support from the community.

We are highly valued by artists, collectors and institutions as a measure of excellence.

As the State's premier art prize and the only one of its kind in Western Australia, The Lester Prize is uniquely positioned to present high quality public exhibitions and educational activities to the wider community, particularly for under-represented groups.

“

The human likeness is something we can all relate to. It's the one form of art we have all created at some point in our lives—there is something elemental in human nature that drives us to draw or paint the likeness of people.

We are proud to provide Western Australia with the opportunity to engage with the best of the artform each year in a format that puts the artists and community front-and-centre.

—John Langoulant | Chair, The Lester Inc Board

About us.

We are a not-for-profit organisation established in 2007 to provide an avenue for artists to exhibit works of portraiture within Western Australia. With an annual prize pool valued at over \$95,000, it is now one of the nation's most recognised and prestigious art prizes.

We have a critical role to play in helping to diversify WA's local economy, grow cultural tourism, and activate spaces through creative placemaking.

Formerly known as the Black Swan Prize for Portraiture, we rebranded in 2019 to The Lester Prize in recognition of Richard (Dick) Lester AM, the prize's leading patron.

“

The Lester Prize is a crucial platform for me as it offers the ability to gauge the artistic merit of my work at a ‘top tier’ national level.

The support given to the finalist artists by the Prize surpasses anything offered in other major national competitions—a sense of family even. I never fail to come away inspired by the holistic experience.

—Lori Pensini, Winner

In portraits that speak to the rich diversity of humanity that constitutes the special nature of this place on our planet, The Lester Prize provides artists with a platform to speak about their relationships with their fellow human beings.

This is what makes The Lester Prize such an important event in our lives each year.

Community engagement.

Our purpose is to deliver programs that enable the community to embrace and enjoy the visual arts through portraiture; understand the health benefits of nurturing and valuing creativity for emotional, physical and mental wellbeing; and provide a platform where professional, emerging and young artists feel celebrated and encouraged.

WORKSHOPS FOR YOUTH | ART GALLERY WA, VARIOUS SCHOOLS & COMMUNITY GROUPS

Workshops for schools and disadvantaged youth groups are programmed throughout the year and provide invaluable educational and artistic experiences for all age groups.

COMMUNITY ART POP UPS | PERTH CBD

Our outdoor pop-up art events are held in busy locations around the city. The Lester Prize invites artists, celebrity sitters, aspiring creatives and the general public to participate in live portrait and 'quick draw' challenges.

AGED CARE SECTOR | ALZHEIMER'S WA

The general public and aged care residents take part in our creative workshops and guided tours aimed to improve residents' social engagement through reminiscence, conversation and self-expression. These sessions are designed to support independence and are suitable for those living with dementia and their support persons.

STARLIGHT LIVEWIRE | PERTH CHILDREN'S HOSPITAL

We conduct workshops for seriously ill adolescents at Perth Children's Hospital. These sessions help them work with professional artists, learn and develop artistic skills, connect with other patients and brighten their days.

Artist education & mentoring.

The prizes we award are not the only incentive for artists to enter our competition. We also provide participating artists with publicity, professional development, mentoring, employment and networking opportunities.

Our artists and facilitators are paid standard industry fees for their work and participate during the Prize's Exhibition and Event Season.

The Lester Prize encourages artists of all ages, skills and experience to explore new opportunities.

PUBLICITY

We execute a publicity campaign which runs all year round and includes a targeted media strategy across local and national print, television, radio and online publications—resulting in editorial, interviews, reviews and post-event coverage.

MENTORING

We share valuable information, and provide ongoing assistance and mentoring to our artists. This helps to support their career development, place attention on the 'big picture' perspective, and enhance personal and professional growth.

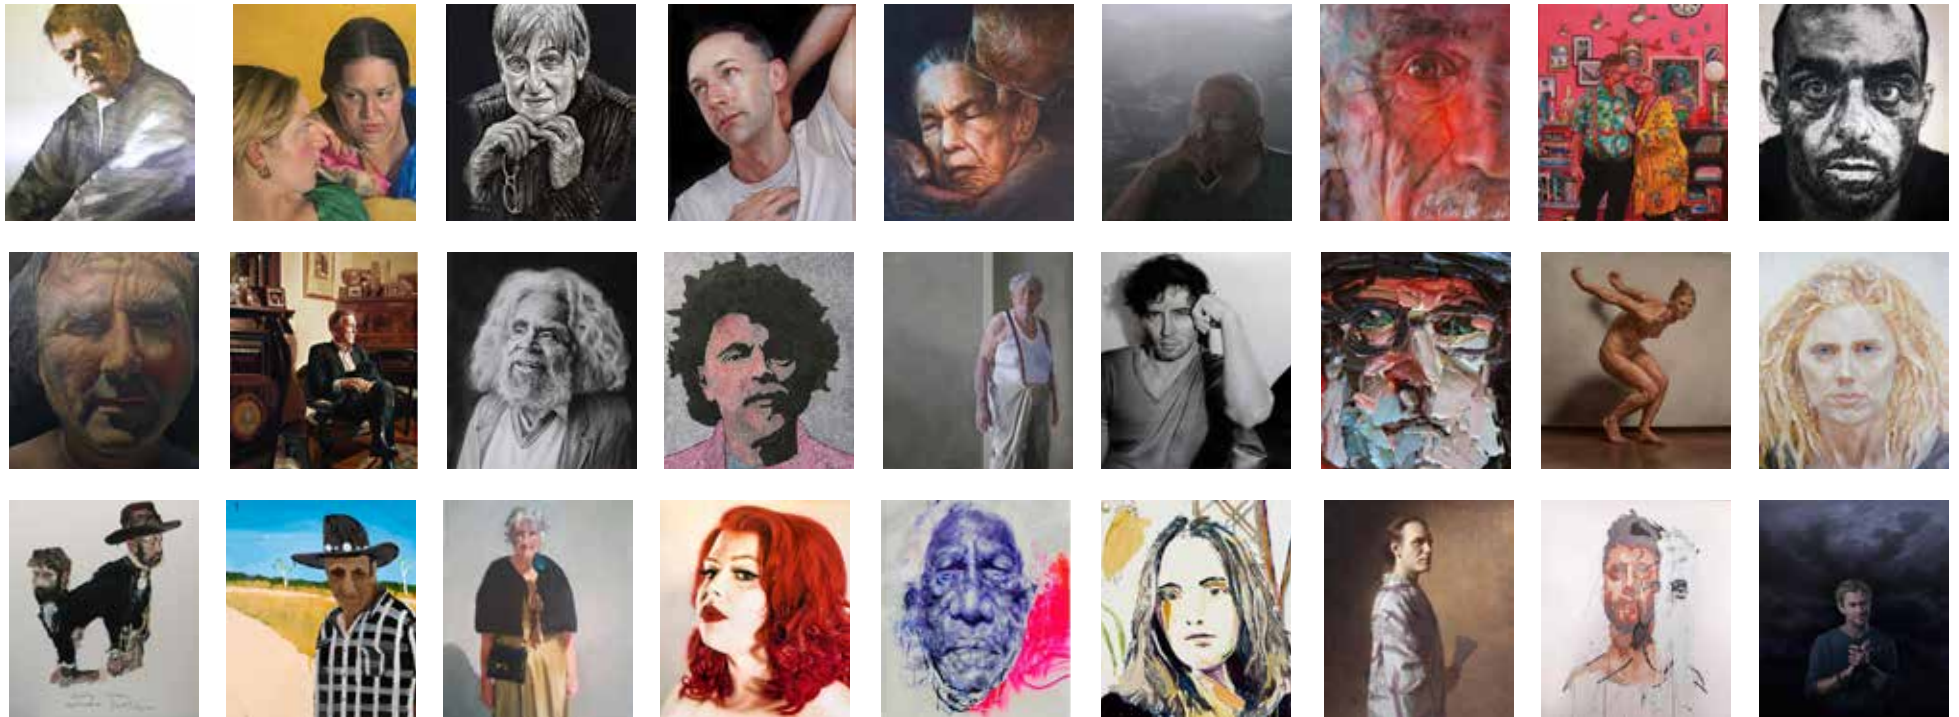

NETWORKING

Our annual Main Awards Night boasts an attendance of 300 guests and offers artists an opportunity to promote themselves, grow their client base by meeting with judges and pre-selection panelists, sponsors, donors and supporters of the Prize.

ONGOING EDUCATION

The Lester Prize hosts an Artist Conference which presents a series of targeted professional development seminars aimed to inspire, enlighten and clarify aspects of the complex art world.

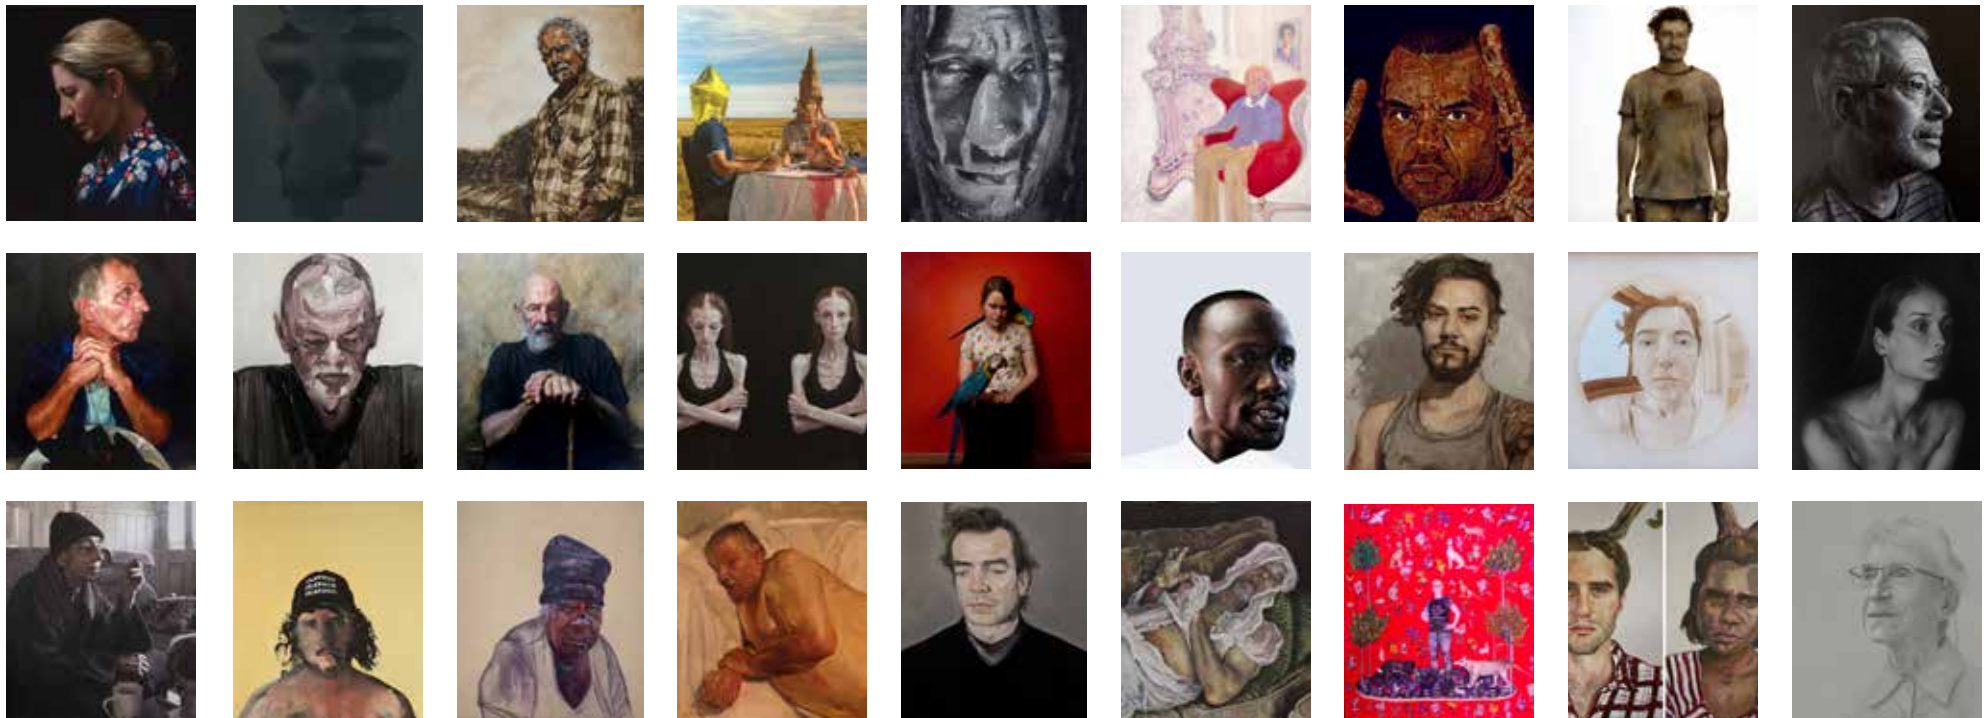

Our artist alumni.

The Lester Prize has helped launch and support the careers of many aspiring, emerging and professional artists throughout Australia. Our distinguished Alumni continue to enjoy outstanding success and shape the creative world here and across the globe.

“

Art is a difficult vocation to sustain and without passionate and committed people like The Lester Prize Team, we artists would find it even harder. Winning the Prize is one of my biggest achievements and I am absolutely thrilled.

—Jana Vodesil-Baruffi | Winner

Being a finalist changed my life. Dick Lester bought my work and it was a great networking opportunity. I am still in contact with all the artists I met and even met some WA artists I didn't know.

—Ross Potter | Finalist

Thank you so much for the opportunities you have provided us all in getting further exposure through your events. It has been a very enjoyable and rewarding experience for me, personally and certainly professionally.

—Camilla Loveridge | Finalist

Thank you so much for an extraordinary event! Never before have I experienced such a 'valuing' of the artists in an art prize. You've established a culture where it feels like the art and artists are the priority.

—Claire Bridge | Finalist

Artists do not think like policymakers or academics. Artists think from their heart—big, revolutionary and visionary ideas. This is why artists can empower people to make significant cultural and political contributions to our communities.
